

FLY & DRIVE ICELAND

Traveling with a hire vehicle will allow you to discover Iceland by yourself, at your own pace and according to your needs: peacefully along the coastal ring, or more adventurously crossing the off-road tracks.

A car journey is the best way to get to know Iceland in complete freedom, without worrying about the hotel accommodation that we have booked on your itinerary. You will decide for yourself what kind of visits to go and what activities to do during the day, according to your wishes.

The accommodations along the itinerary are all tailored to the highest availability at the time of booking the trip. You can choose between "Comfort" accommodations, hotels and farms with room facilities, or "Budget", farms and simple Guest Houses with floor services. The cleanliness of the structures in Iceland is always irreproachable. You can also choose a mix between the two types or, where available, to request "Superior" accommodation.

Our Travel Package with Rental Car includes:

- Flights to / from Italy
- Rental car with withdrawal and return at airport or city in Reykjavik, depending on the most convenient and preferred solution, CDW insurance and unlimited km
- Accommodation for the whole trip in the best possible solutions, with generous breakfast buffet included

It is possible to add accessories such as excursions and activities of various types, such as glacier walks, horseback riding, snowmobiling, boat trips to photographic whale hunting or fishing, thermal bath entrances and much more.
